Help Bartlett Grade School

by living healthy lifestyles
and supporting research!

These shirts were specially designed for the "Erase Cancer" movement started by the Bartlett Grade School WINGS class. They were designed by Stephanie Tillman, the originator of ikros.com and The {Hope} Station that is working extensively with the people of Joplin. These shirts are special because on the back, there is a blank space (shown above) for you to write your own message!

We are excited to now bring them to our Bartlett students, families and friends. You can see samples and experience the impact of the shirts at facebook.com/theHOPEstation.

Show our kids that caring for our community matters. Purchase a shirt today.
